Subject: RE: Request for permission to use the APG and AAPG documentation/publications

Dear Commander Kubal,

I am pleased to be able to advise that ISO has agreed to the proposed use by ACCAB of the ISO 9001 Auditing Practices Group documents, and the Accreditation Auditing Practices Group documents, as set out in your applications.

As the ACCAB has already received similar agreement from the IAF, it is now free to proceed as requested.

(Please note that this e-mail is the full authorisation for you to proceed, and that we will not be sending a hard copy letter in addition to this message)

As an aside issue, if the ACCAB decides at any time to produce translations of the papers into Hindi or any of the other Indian languages, then I would be grateful if you would let me know, as we would be pleased to include a link on our Translations page to your site for them.

Best regards
Charles Corrie
Secretary to the
ISO 9001 Auditing Practices Group,
and to the
Accreditation Auditing Practices Group
